

# Where would you find an Emperor Penguin?

## Northern Hemisphere

## Southern Hemisphere

### 7 continents of the world

Asia, Africa, North America, South America, Antarctica, Europe and Australia.

### 5 oceans of the world.

Pacific Ocean, Atlantic Ocean, Indian Ocean, Southern Ocean and Arctic Ocean.

**Emperor Penguins** - Are large, black and white flightless birds that live in Antarctica.

**Equator** - It is an imaginary line around the Earth that goes exactly halfway between the North Pole and the South Pole and divides it into two equal halves.

**Northern Hemisphere** - The Northern Hemisphere is the half of Earth that is in the north

## Equator

**Southern Hemisphere** - The Southern Hemisphere is the half of Earth that is in the south (bottom) of the Equator.

**Climate** - Climate is the average weather conditions in a place over 30 years or more.

**Antarctica** - The world's highest, driest, windiest, coldest, and iciest continent, where the South Pole is in. Antarctica is the 5th largest continent based on size.

**Habitat** - The natural home or environment of an animal, plant, or other organism.
